

# IS MY ADULT PATIENT ELIGIBLE FOR A VACCINE?

## IMMUNIZATION MEDICAL HOME

(PRIVATE PRACTICE, FQHC, RHC, SCHOOL/COLLEGE, HOSPITAL, OR OTHER)

### ELIGIBILITY

Fully Insured enrolled in  
Medicare or Medicaid, or  
if existing healthcare  
insurance does NOT cover  
vaccinations

Vaccinate with Private Stock Vaccine

OR

Refer to another private provider/  
community vaccinator that accepts  
insurance.

Do not refer to Local Health Department unless you  
know that they stock private vaccine and can bill  
private insurance. Otherwise, patient will be referred  
back to their medical home.

### Adult Safety Net (ASN) Eligible

- Patients 19 years of age or older who are UNinsured
- Patients who are 19 years of age who previously initiated a vaccination series under the TFVC Program, may complete the series using ASN vaccines regardless of their current health insurance status

Vaccinate with  
ASN Vaccine.
